

Fact Family Triangles

This section contains three identical house-shaped templates. Each house has a dotted triangular roof and a rectangular body. Inside each body, there are four rows of math symbols and blank lines for writing. The first row contains a plus sign (+) followed by an equals sign (=). The second row contains a plus sign (+) followed by an equals sign (=). The third row contains a minus sign (-) followed by an equals sign (=). The fourth row contains a minus sign (-) followed by an equals sign (=). Each symbol is positioned between two horizontal lines, and the equals sign is positioned between two horizontal lines.

This section contains three identical house-shaped templates, identical to the ones in the first section. Each house has a dotted triangular roof and a rectangular body. Inside each body, there are four rows of math symbols and blank lines for writing. The first row contains a plus sign (+) followed by an equals sign (=). The second row contains a plus sign (+) followed by an equals sign (=). The third row contains a minus sign (-) followed by an equals sign (=). The fourth row contains a minus sign (-) followed by an equals sign (=). Each symbol is positioned between two horizontal lines, and the equals sign is positioned between two horizontal lines.
